## San Rafael Church Ministry

We continue to visit San Rafael and reach out to the community there. About 10 children attended faithfully the bible classes and have really started to open up and participate more as we gain their trust.

We finished the Wordless Book series and made bracelets to remember what was learned. The children were encouraged to share with their friends what each color represents. We are now teaching through Genesis.

The children of San Rafael with their Wordless Book bracelets.

Please keep praying for the children of San Rafael that they would understand the Gospel as we share with them.

Moises, Jennifer, Franklin, María José, Ada, Niki, Nancy & Cristiel. Some of the children I teach regularly in San Rafael.

Not pictured, Cesar & Anfer.

I was able to help with teacher training for the Sunday School teachers at my church. We used the Super Seminars from CEF and it was exciting to see their eagerness to learn new methods to use in their classes. We have another one scheduled for August to continue learning and growing as teachers.

Teacher Training

We celebrated Mother's Day during our monthly women's Bible study. It was a fun time full of encouragement for these hard working moms and they really enjoyed the special time.

Mother's Day celebration with the women's Bible study group.

Weekly Bible studies continue with the four young ladies. They are progressing in their understanding of God's Word and it's rewarding to see them want to serve others in the local church. Please continue to pray for their spiritual growth.

## Un poco de todo (a little bit of everything)

A missions group is coming next weekend to help with various activities. Family Conference, Youth conference and 2 VBS are in the works for their time here.

Please pray we would get everything planned and many adults and children will be reached with the Gospel. Also for the health and stamina of everyone involved as it will be a long week full of activity.

I enjoyed the visit of some Nebraska friends that were in Honduras for a few weeks. They were working in the capitol city but stopped by for a couple days and we had a great time catching up and visiting the beach. Nothing tastes quite as good as a freshly caught and fried fish under a hut on the beach. I think they would agree with me even though I manage to not have photographic proof. ;)

Trying out a local restaurant.
