Helping Honduras is working hard on moving forward to rebuild the ministry after back-to-back hurricanes in November of 2020 as well as the devastation of the pandemic. These hurricanes devastated most of the country of Honduras and many of the ministries throughout the country. We personally lost our Mission home as well as our home. We also lost all of the schools and churches that we had built over the last 8 years. Needless to say it has been a tough year in the mission field.

I have been back in the U.S. working in the oilfield trying to raise enough money to get started rebuilding some of the churches as well as building and opening up a new Trade School and Discipleship center In the beautiful village of Cofradia Honduras. We have found a piece of property with all of the buildings and amenities already built and ready to open up and start the new Christian trade school feeding center and Discipleship center. This property is amazing it has everything that we need to start the school. We cannot do this by ourselves. We desperately need your help to come alongside and partner with us to build this magnificent ministry stronger than it has ever been. The school will change lives for decades. We have 2 options!

Giving a helping hand to the hurting

(cont.)

Option #1 Is to buy this beautiful piece of property that is very reasonably priced and completely finished And ready to move in and open up the school. As well as to bringing teams of short term missionaries along beside us.

Option #2 Is to build on 1 of 2 smaller pieces of property that these gracious and humble people of Cofradia donated to us to build this new Christian trade school and discipleship center for their children. These properties are just bare land and we will have to start from scratch, but God has been working with us! Just in the last month he has set us an abundance of food to be distributed throughout the village and other parts of the country. He has also gave us an abundance of bibles to pass along to help with our bible ministry. I am preparing to move down after the 1st of the year to minister full time and teach these children a trade as well as to teach them to disciple to others throughout their country.

Thank you very much and God-bless

Sincerely,
Darrell DeLay

HELPING HONDURAS

HELPING HONDURAS

Prayer request:

Rebuilding the schools and churches that the back-to-back hurricanes destroyed in November of 2020

The new trade school discipleship and vocation center that we are raising support to build at this time

Prayer for our safety as we traveled throughout this country

Prayer for God's wisdom

Prayer that the food continues to come in for us to distribute it to the hungry

Prayer that we find the medical teams that we desperately need for the sick

Prayer for the financial support to come in so we can build this ministry strong for the Kingdom of heaven.

Luke 10:2

The harvest is plentiful but the workers are few

Romans 10:14-15

How then can they call on the one they have not believed in?

And how can they believe in the one whom they have not heard?

And how can they hear without someone preaching to them?

And how can anyone preach unless they are sent?

As it is written: How beautiful are the feet of those who bring good news!
