Yet, there are other times, as in Paul’s case, where God would have you wait. Thus, you must learn to pray over your circumstances and ask God for His wisdom and insight.

6. Prayer. If you want to grow in God’s guidance system, prayer must become as natural as breathing. A pilot trusts his instruments but he also wears a headset. The headset allows him to stay in constant communication with air traffic control. With the headset he talks AND listens. Do you see the analogy? Take time to pray over your affairs and then “listen.” Pray about your business. Pray about school. Pray about family and friends. Pray about everything! Philippians 4:6 says, “Be anxious for nothing, but in everything, by prayer and supplication with thanksgiving, let your requests be made known to God.”

7. Godly counsel. God’s guidance often comes through other people. “Why reinvent the wheel?” is a powerful principle. If you’re in business, talk to successful business people. If you’re in ministry, talk to others with more experience. Proverbs 24:6 says, “For by wise counsel thou shalt make war; and in the multitude of counselors there is safety.” Though counsel can never replace your personal walk with Christ, there is wisdom and safety in seeking the input of others. The “University of Other People’s Experience” has the lowest tuition of any school.

Dear friend, I pray that you will grow in your daily fellowship with Christ and learn to follow His guidance in your life.

-- Jason Peebles

Key Memory Verse:

“Trust in the Lord with all thine heart, and lean not unto thine own understanding. In all thy ways acknowledge Him, and He shall direct thy paths.”

Proverbs 3:5,6

Prayer for Guidance

“Father, thank you for sending your Son, Jesus Christ, to die on the cross for my sins. I accept His sacrifice and commit my life to Him. I choose to surrender. Teach me to follow your guidance. Thank you for your great love in my life. In Jesus Name - Amen.”

From the time you were a child you started developing a “sense of direction.” You played in your neighborhood and learned to retrace your steps back home. Later, you ventured a little further. Perhaps you can remember riding your bicycle to a friend’s house a few blocks away. Doing so required you to recognize certain landmarks. Then, when the teenage years came, you had the adventure of learning to drive. Driving forced you to develop knowledge of learning to drive. Driving forced you to develop your driving ability. And so you discovered that you could not only drive, you could also stop even a greater sense of direction. We’ve all had the “adventure” of getting lost! But, because we know how to ask questions and read signs, we learn to find our way.

In a similar way, Christians can learn to develop a “sense of direction” regarding God’s guidance. Will you make mistakes along the way? Absolutely! I wish that I could say “no” but that’s unrealistic. All of us make mistakes. Yet, with training and practice, you CAN learn to follow God’s path and make right choices. And, should you ever get off track, you can learn how to recover and get back on track.

Instrument Rated

As we consider divine guidance, another example is how instrument rated pilots fly airplanes. There are “sport pilots” who fly on clear days, and then there are instrument pilots. I’ve been an instrument rated pilot for many years and I know the importance of good navigation. Without it, you will never make it to your destination.
embracing you and empowering you to fulfill His plan for your life. Don’t let fear and condemnation stop you.

I remember the first time I sat in a small airplane for flight training. Even a small airplane seemed big and intimidating. When the motor roared to life, it was frightening! I had to say to myself, “OK, Jason, you can do this. The instructor is right here beside you, so trust him and try to relax.” I had to have faith. Only then could I learn to fly. Later, when I was training for “instruments” I became so frustrated one day that I almost quit. Thank God I pressed on and learned how to fly by instruments. Because I did, people were reached and medical supplies were delivered throughout the years.

**Right Mental Attitude**

Before we examine some of the major points for divine guidance, I want you to start with the right mental attitude. Read these aloud:

1. “I believe that God is a GOOD God and has a wonderful plan for the rest of my life. Therefore, I will NOT let fear rob me!”

2. “I receive God’s acceptance, love, and forgiveness through Jesus Christ. My past mistakes, disappointments, and sins will NOT dictate my future. I will NOT let condemnation rob me!”

3. “I realize this takes time and practice. I will learn about God’s guidance system.”

As you study these principles, mark the references in your own Bible —

**Principles of Guidance**

1. **Surrender to God.** This is definitely the first step in divine guidance. It’s like walking into a flight school and saying, “Here I am! I submit to your training.” Does this sound too simple? Romans 12:1,2 says, “I beseech you therefore, brethren, by the mercies of God, that you present your bodies a living sacrifice, holy acceptable to God, which is your reasonable service. And do not be conformed to this world, but be transformed by the renewing of your mind, that you may prove what is that good and acceptable and perfect will of God.” Can you see the connection between “surrender” and “the will of God?” It says “present your body” and “renew your mind.”

2. **Reading and studying God’s Word.** As Christians, we are called to YIELD our lives day by day, moment by moment. When we yield our lives to God, we are conformed to His plan. Romans 12:2 says, “I beseech you therefore, brethren, by the mercies of God, that you present your bodies a living sacrifice, holy acceptable to God, which is your reasonable service. And do not be conformed to this world, but be transformed by the renewing of your mind, that you may prove what is that good and acceptable and perfect will of God.” Can you see the connection between “surrender” and “the will of God?” It says “present your body” and “renew your mind.”

3. **Trust in the Holy Spirit.** As believers, we must learn to “fly” our lives by the instrument panel of God’s Word and Spirit. You absolutely cannot “fly” by feelings. Your feelings are like the waves of the sea, up one minute and down the next. But Proverbs 3:5,6 says, Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge Him, and He shall DIRECT THY PATHS.” The Bible is filled with verses on divine guidance. John 16:13 says that the Holy Spirit will GUIDE YOU, speak to you, and show you things to come.” God is calling you to a deeper dimension of walking in His Spirit.

**Overcoming Fear**

When you start considering divine guidance and following God’s will, the first thing that might have you scared is FEAR. Why? I think it’s because many people are initially afraid of God’s plan. Perhaps deep inside we wonder if God is truly good. You may be tempted to think that God wants “to take” from you. But the opposite is true! Jeremiah 29:11 says, “For I know the thoughts that I think toward you, says the Lord, thoughts of peace and not of evil, to give you a future and a hope.” God loves you and wants to guide you. If He does ask you to give up something, it may only be because He wants to protect you. You can be confident that God is GOOD and wants to “add” to your life.

One of the companions of fear is condemnation. Some may think their life is so “messsed up” that God either can’t help them or doesn’t want to. Yet, the story of the Prodigal Son tells us otherwise (Lk 15:11-32). It’s never too late to “return home!” The Father is GOOD and wants

**If you’re not sure where to begin, then start reading in John chapter 1. I can confidently say that God’s guidance system is built around the Word of God. Like the artificial horizon in an airplane, the Bible will keep you flying “straight and level” even when you can’t “see” with your natural eyes. Get in the habit of applying key verses that seem to apply to you. Allow the Holy Spirit to relate the stories that you read to YOUR situation. As you face each day, be sensitive to verses in the Holy Spirit reminds you of.**

**In John 14:26, Jesus says that the Holy Spirit will “bring to your remembrance whatsoever I have said to you.”**

Whenever I need to “hear a story that I’ve read becomes the answer that I need. “OK Jason, you can do this. The instructor is right here beside you, so trust him and try to relax.” I had to have faith. Only then could I learn to fly. Later, when I was training for “instruments” I became so frustrated one day that I almost quit. Thank God I pressed on and learned how to fly by instruments. Surrender yourself entirely to God. Give Him your body and mind. Surrender the types of things you allow from TV, radio, and the internet. Give Him your relationships. Enrolling in God’s “flight” school is what allows Him to begin molding your life and revealing His plan. If you remain self-willed and insistent on your own way, then your pride will block God’s ability. 1 Peter 5:5,6 says, “Resist the devil and he will flee from you.”

2. The voice of the Holy Spirit. Does this sound too simple? We’ve already indicated to fly. Later, when I was training for “instruments” I became so frustrated one day that I almost quit. Thank God I pressed on and learned how to fly by instruments. Because I did, people were reached and medical supplies were delivered throughout the years.
